

Fwd: tralala with lyrics

Deck us all with boughs of folly

Tra la lala la la la la

'Tis the time of melancholy

Fa la la lala la la la

Manchin's filled out socks with coal

Tra la lala la la la la

Sinema has sold her soul

Fa la la lala la la la

Now we face our gravest peril

Tra la lala la la la la

Exxon's got us over the barrel

Fa. la lala la lala la
