

(2024 September 16) How Paul Winter Created a Music Beyond Category (Gioia)

It was my great pleasure to jam (hippie campfire percussionist that I was) with the Paul Winter Consort after their performance at the Arcosanti annual festival in 1982. They were there as resident musicians and I as resident poet. By the same good fortune, I then first met Gilah Yellin Hirsch, resident artist, who became a lifelong friend. Thanks be to visionary founder Paolo Soleri who hosted the event and brought us together.
