

## **Rabbit Holes and Worm Holes**

Rabbit holes and worm holes  
No light at the end, no end,  
Elephants all the way down

Your guess as good as mine  
Everyone entitled to his or her  
Who has the most toys wins

How to get out if it floods?  
How did Alice get back through the mirror?  
Dorothy back to Iowa?

What *is* the sound of one hand clapping?  
Who *did* kill Cock Robin?  
Where *does* the light go when it goes out?

If I had the answer on the tip of my tongue  
I'd tickle your ear with it  
Send shivers up your spine
