

Rabbit Holes and Worm Holes

Rabbit holes and worm holes
No light at the end, no end,
Elephants all the way down

Your guess as good as mine
Everyone entitled to his or her
Who has the most toys wins

How to get out if it floods?
How did Alice get back through the mirror?
Dorothy back to Iowa?

Was the funhouse really fun?
Is one plus one two, or another one?
Why is there anything instead of nothing?

What *is* the sound of one hand clapping?
Who *did* kill Cock Robin?
Where *does* the light go when it goes out?

If I had the answer on the tip of my tongue
I'd tickle your ear with it
Send shivers up your spine
